behind.

In a breath,

I'd prefer a timely  
response to the letter.

Early approval text expected within 72  
hours: What is your expectation of  
the likelihood of this being processed favorably?

I'd like to catch wind of your assessment  
within the initial response window.

For example: "Looks good."  
with authority of person stating.

You

You might know within  
7.2 seconds.

My expectations and demand:

2

Should you not settle according to these precepts I would be disappointed:

- 1) Agreement to settle for \$2.7 (two point seven) trillion - you red that right - dollars with 7 (seven) days of your receipt of this document.
- 2) 7 additional days to print the money from the Treasury, as the White House has printed a substantial amount of money before, \$1 trillion. You have the authority.
- 3) Pertaining to Item 2, above: permission of Congress is not required, as Congress allows agencies to settle and pay lawsuits without each lawsuit requiring the separate approval of Congress. The difference here is the amount, not the law. The Attorney General does have to be contacted, since the amount is over \$250 thousand dollars.
- 4) 7 additional days to deliver a check, as on next page. If you cannot meet this timeline, I will go for the entire \$5 trillion dollars. (You're impetus). There are many causes I would like to donate to.

3

Delivery: 3 military officers and one person, who by virtue of his or her position wears a suit and tie, to my house, to then accompany me to the local bank to validate the check's authenticity.

Be timely please.

Please do so no later than ~~21~~ <sup>21 (twenty-one)</sup> days after receipt of this document.

(508) 292-5774

You may text me at ~~(774) 770-5888~~

to apprise me of the status, to let me know when you will email me the legal agreement (to [kipforbe@gmail.com](mailto:kipforbe@gmail.com)), and also to let me know when you are near.

Thank you. (continued)

The amount is determined by Heaven.

(4)

It is \$2.7 trillion dollars. <sup>two point seven</sup> \$5 trillion if forced to file a lawsuit, and since I'm Jesus Christ I believe I can obtain the full amount, \$5 trillion, requested, with one simple statement to the jurors: If you won't vote in favor of me, why should Heaven vote in favor of you? If the public got wind of this case, I believe they would decide in my favor.

Also, there is no cost to the taxpayer, as the advent of my official arrival will obviate a significant portion of the DOD budget, and in a set number of years a surplus would ensue. Of course, personnel levels should be maintained, with attrition, but the military remaining an employment hub, although its nature would change.

Note: you may well think that since I am <sup>(5)</sup>

Jesus Christ that I am applying  
coercive pressure, which is illegal.

Therefore, know that Heaven is steering  
this case; I am merely informing you  
of acceptable terms, as I have received  
from Heaven.

Understand that although ~~I expect to sign~~  
~~a non-disclosure agreement~~ as to the  
terms of this agreement, I will not  
sign a document that prevents me from  
talking about what has happened to me.

Note: since the intentional infliction of emotional distress is one half based upon a physical physical injury (electric discharge) that amount is not taxable. Therefore, please provide a 1099-MISC for one half the damages awarded ~~XXXXXXXXXXXXXXXXXXXX~~. If this is the incorrect form please provide the correct one.

Note: You should not be surprised by Heaven's insistence, as the government has illegally used their system to oppress and suppress.

If I did not contact you, you would find  
yourselves handwringing for an answer and would  
have to contact me to alleviate the air of  
emotional duress. The amount is precise and  
I must have it correct or the handwringing  
would be ceaseless. Age I hope you agree  
with a team of hundreds.

Since the amount after withholding of federal taxes is \$2,200,500,000.00 please provide (as a second preferred method) checks in the amount of \$100 billion and whatever residue remains.

Preferred method: wife of maximum amount — if correct on following page — of \$9,999,999,999.99 (almost ten billion).

It will take 226 wives if you withhold the full federal tax amount of 37% rather than 24%.

Thank you, but not really.

And it wasn't worth it, all the years

→ The total amount doesn't recapture the years ←  
The money doesn't amount to a hill of beans,

as I'm keeping just \$100 billion dollars from the total (an amount I'm currently worth more than) and giving the rest away, primarily to angels from Heaven.
